"Free Mover" programme

Under specific circumstances, the Lyon CNSMD can allow a student to study in a foreign institution, which has not signed a bilateral agreement with the CNSMDL. Such a decision can only be taken if the whole teaching staff has agreed on the particular interest of the host institution the student has chosen, regarding the student's educational and artistic project. In case of acceptance, the student will be asked to register at the Lyon CNSMD during his study abroad period. The student will study under the « **free mover** » status for a certain period of time, which **cannot exceed 1 semester**.

Should students be interested in participating in the « free mover » programme, please contact the [International Relations Office of the Lyon CNSMD](#).
