## Student status

### How to obtain a student card

To obtain a student card students should first pre-register online on the Lyon CNSMD website.

For further information about the registration procedure and to understand your position regarding student social security insurance see the information sheet that can be downloaded at the bottom of this page.

### How to access your student file

To consult your student file (containing marks, credits obtained and teachers' comments), go to the restricted access area for students via the link on the homepage or click [here](#).

You will need the student number printed on your student card and on your application form and the password you were given for student registration.

If you have forgotten your password, click on 'mot de passe perdu' (password lost) and fill in the form that appears.
