

InMICS programme

Practicalities for students registered at CNSMD Lyon

1) Tuition Fees

The InMICS students are registered in 2 institutions for the whole duration of the programme. Each year, they pay tuition fees to the institution where they are physically studying according to its own regulations. They are exempted of tuition fees in the other institution.

Students registered at **CNSMD Lyon** :

Basic tuition fees at CNSMD Lyon are the same for all students, regardless their nationality: between 500 EUR and 550 EUR per year, in addition to what each student is asked to pay 23 EUR for the access to the library. InMICS students have to pay additional specific fees for the InMICS programme. These additional fees are calculated not to exceed, in combination to the basic fees and the library fees, **1.800 EUR**. Please find more information about student annual budget in Lyon (including fees) [here](#). This sum is not required the year when the student is studying in the other institution.

In addition, students registered at CNSMD Lyon have to pay **each year** (even the one when they are not in Lyon) :

- **91 € for the "Contribution Vie Étudiante et de Campus - CVEC"** (Contribution to Student and Campus Life), payable by all students as soon as they are accepted in a French Higher Education Institution. More information [here](#). It is a personal procedure but you will have to prove that you are in good standing with this requirement upon registration.

Non European students will have to pay for a compulsory medical examination by a registered French doctor at arrival.

2) Scholarship Options

During the year when they are studying in Lyon, no grant will be available but various sources of mobility grants will be considered in order to help students for travelling to the other school.

French students, according to the CROUS rules and criteria, may get a national social scholarship. Please apply through this [website](#) before May. Foreign students with big difficulties may have access to exceptional grants delivered by the institution.

3) Immigration

For studying in **France** :

EU/EEA citizens

From 2005 it is no longer necessary for students with an EU passport (including Norway, Switzerland) to get a residence permit. An identity card or a valid passport is required.

Non-EU/EEA citizens

InMICS students registered at CNSMD Lyon should apply for a visa “long séjour” through https://france-visas.gouv.fr/en_US/web/france-visas between 3 or 4 months prior to your arrival in France (May/June). Please select “France Métropolitaine” as main destination.

Those, registered in Lyon (year 1) and in one European country during their InMICS studies, may also apply for a visa “étudiant en mobilité” through https://france-visas.gouv.fr/en_US/web/france-visas before starting the programme (you may select “France Métropolitaine” as the main destination, then “études” as your project and then choose the option “étudiants en mobilité”). It may facilitate the renewal of the visa for the following year.

For more information, please visit the Préfecture du Rhône [website](#)
(97, rue Molière - 69003 Lyon)

4) Accomodation

For staying in **Lyon** :

CNSMD of Lyon has its own student residence with 60 beds, situated on the premises of the conservatory at 3 quai Chauveau, Lyon 9.

The application form is available **online** (please check the deadline, usually in early June). Places are allocated by a commission comprising CNSMD Lyon staff.

More information about student residences and allocation procedure is available on the CNSMD Lyon **website**.

In addition, the CNSMD Lyon pre-booked some rooms in CROUS residences nearby. Room prices are from c. 230 EUR to 370 EUR.

Students can also make their own housing arrangements. Many organizations can help with finding housing, notably Lyon Campus, Lokaviz and the Info Jeunes.

The International Relations Office may also give you some private contacts if needed.

Private room in a shared apartment is from c. 350 EUR to 500 EUR

5) Insurance

For studying in **France** :

Students registered at CNSMD Lyon do not have to get any French Health insurance the year when they are studying in the other institution **BUT** they have to pay the CVEC (91 €) as explained in the section Tuition fees.

Basic health insurance is now for free for all students registered in a French higher education institution.

Non-EU/EEA citizens:

CNSMD Lyon students can apply through this [website](#) after be officially registered (September of Year 1)

You can get a mutual complementary health insurance meant for students (to be paid each month or at the beginning of the academic year).

EU/EEA citizens

European students do not have to complete any process if they have a European Health Insurance Card. They can use it to have access to medical care in France.

Civil Liability Insurance (compulsory for everyone)

This mandatory insurance, which is personal to each student, must cover the entire academic year. The student has to prove that they have subscribed to personal injury and third party liability coverages. You should check that you have this document, either through your parents' insurance company (multi-risk household insurance policy) or with your student mutual insurance company. The document should confirm that you are covered by the insurance when engaged in activities connected with studies. When you enroll you will need to provide a copy of this document. CNSMD Lyon students may get cheap offers for that from the same provider as mutual complementary insurance for students.

Mains student Mutual Insurance Companies:

L.M.D.E. – La Mutuelle des Etudiants Correspondence : <https://www.lmde.fr/>

S.M.E.R.R.A – Société Mutualiste des Etudiants de la Région : <https://smerra.fr/>
